DOCKET NO. W-01751A-06-0687

DECISION NO. 69246

Open Meeting  
January 16 and 17, 2007  
Phoenix, Arizona

## BY THE COMMISSION:

On October 24, 2006, Katherine Resort Water Company ("Katherine Resort" or "Company") filed a tariff application, Docket No. W-01751A-06-0687, with the Arizona Corporation Commission ("Commission") seeking a bulk water tariff rate.

Having considered the entire record herein and being fully advised in the premises, the Commission finds, concludes, and orders that:

FINDINGS OF FACT

1. Katherine Resort is a Class-E regulated water utility that serves approximately 40 customers in the Bullhead City, Mohave County, Arizona area pursuant to a certificate of convenience and necessity granted by the Commission to the Company and its predecessors in interest.

2. The Company seeks a bulk water tariff in this proceeding authorizing a bulk water rate of \$60 per 1,000 (one thousand) gallons of water.

3. The bulk water service is to meet the needs of one potential customer; an excavation company working on a development in the Company's certificated area. The usage of the bulk water service will be intermittent. The customer has indicated its approval and support for the requested rate.

4. There is no need for a fair value finding or a rate case because the impact of the new tariff rate on the Company's revenues is de minimis.

5. Staff recommends approval of the new tariff item filed by Katherine Resort.

## CONCLUSIONS OF LAW

1. The Company is a public water service corporation within the meaning of Article XV of the Arizona Constitution and A.R.S. §§40-250 and 40-252.

2. The Commission has jurisdiction over the Company and of the subject matter of the application.

3. It is in the public interest to provide the Company a bulk water tariff rate for bulk water service to off line customers because the service will generate supplementary funds for the Company that can be used to address much needed repairs and maintenance.
